The Next Big Thing – DfAM

Not to be confused with design for manufacturing (DFM), design for additive manufacturing is a whole new ball game unencumbered by old parameters of possibility. It's where the next big industry opportunity is touted to

An Investment in Knowledge

An unprecedented number of learning opportunities – from design workshops to certification courses such as **Sustainability in AM Design Thinking by SUTD and Miniwiz**, **Catia Product Design by Dassault Systemes**, the **Fundamentals of AM Certification Course by UL and NAMIC**, and the **2-day AM Quality & Production Management Course by TÜV SÜD**.

Tour World-Class AM Facilities

An insider's look at the most cutting-edge in-house facilities in Singapore and quite possibly the globe, the specially curated **1-Day Industry Visit** explores the island's various AM solutions rooted in its burgeoning AM ecosystem - one that is quickly becoming the choicest AM hub in the world.

The Perfect Pitch

Global AM start-ups pitch their world-beating business ideas for much-needed seed funding at the Start-up Innovation Forum, moderated by judges selected from leading local venture capitalists such as **TNB Ventures**, **Ming Labs**, **SGInnovate** and **ESG Seeds**.

Over 300 Local & International Delegates

Prominent thought-leaders from the global AM community and industry players at the forefront of
