Design: The New Buzzword for AM

Knowledge is power, and if you haven't heard about how design is changing the game, come on down to the **Design for Additive Manufacturing (DfAM) Conference & AM Industry Showcase**, the flag-ship event of the NAMIC Summit 2019. What's more, get to chat with the movers and shakers at networking sessions throughout the day.

It's all happening at the **Marina Bay Sands Expo & Convention Centre on 7 May 2019**. NAMIC is also proud to present a keynote speech by **globally acclaimed AM expert John Barnes**, the announcements of strategic AM alliances and partner

network, and a showcase of the winners of the 2019 7th Singapore International 3D Printing Competition co-organized by NTU SC3DP and NAMIC!

Don't Miss These Highlights

Programme Segment

Generative Designs, Simulation and Modelling

Discover emerging design tools and the limitations and considerations of DfAM

Nature Inspired Design Solutions for Industrial Applications – Mimicking Nature for Advanced Innovative Designs

Presented by Lin Kayser Sebastian – Co-Founder and CEO, Hyperganic Technologies AG

AI Generative Design Solutions as Applied to Additive Manufacturing

Presented by Simon Ng – Regional Business Head of Design & Manufacturing Industry, Autodesk

Disappearing CAD: How Design Functionality is Disappearing into Workflow

Presented by Andre Wegner – CEO, Authentise and Digital Manufacturing Chair, Singularity University

[Click here for more highlights from the Event Brochure](#)

Programme Segment

Industrial Applications of Digital Design Tools

Learn practical ways industry leaders have harnessed DfAM for business growth

Dynamic Machine Allocation and Real Time Monitoring as Realised for 3D Printing and Distributed Manufacturing

Presented by Lior Polak – CEO & Co-Founder, Assembox Ltd

Impact of Design Optimisation on Additive Manufacturing – A Certification and Testing Perspective

Presented by Gregor Reischle – Head of Additive Manufacturing, TÜV SÜD

From Lab to Fab: Industrialising Additive Manufacturing. A Global Leader's Perspective and Its Vision For Adopting AM For Wide Range Of Applications

Presented by Dr Karsten Heuser – VP Additive Manufacturing Siemens Digital Factory

[Click here for more highlights from the Event Brochure](#)
