Dear Friends and Colleagues,

Presenting to you our distinguished panel of speakers at the **Design for Additive Manufacturing (DfAM) Conference & AM Industry Showcase**. You can gain insights and perspectives from the full list of interviews [here](#) or scroll down for this week's highlights.

Happening on **7 May 2019** at the **Marina Bay Sands Expo & Convention Centre**, sign up now for the 1 Day Conference Pass to enjoy access to industry talks, panel discussions and networking sessions!

Register Now for Early Bird Rates

## Our line-up of distinguished speakers

**Andre Wegner**  
CEO, Authentise and Digital  
Manufacturing Chair at  
Singularity University

**Dr. Brent Stucker**  
Director,  
Additive Manufacturing,  
ANSYS Inc

**Gregor Reischle**  
Head Additive  
Manufacturing,  
TUW SUD

**Dr. Guglielmo Vastola**  
Scientist,  
A\*STAR Institute of High  
Performance Computing

**Dr. Ho Chaw Sing**  
Managing Director,  
NAMIC

**John Barnes**  
Founder & Managing Director,  
The Barnes Group Advisors

**Dr. Karsten Heuser**  
VP Additive  
Manufacturing  
Siemens Digital Factory

**Kelvin Wee**  
APAC Sales Director,  
Materialise

**Prof. Kristin Woods**  
Associate Provost,  
Co-Director, IDC

**Lin Kayser Sebastian**  
Co-Founder and CEO at  
Hyperganic Technologies AG

**Lior Polak**  
CEO & Co-Founder,  
Assembrix Ltd

**Simon Ng**  
Head of Design &  
Manufacturing Industry,  
Autodesk

**Dr. Herman Von Bothuis**  
CEO,  
3D Makers Zone

**Yathiraj Kasal**  
Head of GE  
Additive AddWorks  
Asia Pacific

## Speaker Interviews

---

### Dr. Karsten Heuser

**VP of Additive Manufacturing, Siemens Digital Factory**

*"The next wave of AM is the transition towards serial production. Automotive, Aerospace, Energy and Healthcare are the main industries..."*

[Read the full interview here](#)

---

Join the DfAM Conference & Industry Showcase for his talk: **From Lab To Fab: Industrialising Additive Manufacturing. A Global Leader's Perspective and Its Vision for Adopting AM for Wide Range of Applications** and panel discussion: **Global Perspectives – How will Design and AM Technology Transform the Way We Live, Work and Play to Create a World Class Livable and Loveable City?**

3.50pm and 5.20pm respectively, 7 May 2019

Learn more about the Siemens workshop:

**Industrialising AM with End-to-End Process** [here](#).

Places are limited.

### Gregor Reischle

**Head of Additive Manufacturing, TÜV SÜD**

*"There are no real uses of AM parts in Singapore yet...All it takes is one successful case of the use of AM in any industry to build trust and reduce scepticism in the method."*

[Read the full interview here](#)

---

Join the DfAM Conference & Industry Showcase for Gregor's talk: **Impact of Design Optimisation on Additive Manufacturing – A Certification and Testing Perspective** and panel discussion: **Global Perspectives – How will Design and AM Technology Transform the Way We Live, Work and Play to Create a World Class Livable and Loveable City?**

2.00pm and 5.20pm respectively, 7 May 2019

Learn more about the TÜV SÜD-NAMIC certification course:

**Quality & Production Management for AM** [here](#).

Places are limited.

## Simon Ng

Head of Design & Manufacturing Industry, Autodesk

*"[In] the next couple of years, we will see more metal printing and hybrid[s] (subtractive and additive) to be even lower in cost."*

[Read the full interview here](#)

---

Join the DfAM Conference & Industry Showcase for Simon's talk: **AI Generative Design Solutions as Applied to Additive Manufacturing** and panel discussion: **The Impact of Design on Industry 4.0: A Designed and Systematic Approach to Industrial Solutions**

10.30am and 12.30pm respectively, 7 May 2019

Learn more about the Autodesk workshop:

**Generative Design** [here](#). Places are limited.

## Herman von Bolhuis

CEO, 3D Makers Zone

*"I believe we are moving from a digital economy and digital supply chains towards an autonomous economy and autonomous supply chain[s]..."*

[Read the full interview here](#)

---

Join the DfAM Conference & Industry Showcase for Herman's talk: **Building A Successful 3D Printing Business: What should Aspiring Startups and Tech Entrepreneurs Look Out for in Their Business Ventures?**

Panel discussion: **Global Perspectives — How will Design and AM Technology Transform the Way We Live, Work and Play to Create a World Class Livable and Loveable City?**

4.20pm and 5.20pm respectively, 7 May 2019

## Kelvin Wee

APAC Sales Director, Materialise

*"Looking back at the last 8-10 years...Everyone had the tools, but, identifying [the right application for their business] was the challenge."*

[Read the full interview here](#)

---

Join the DfAM Conference & Industry Showcase for Kelvin's talk: **Cutting Edge Innovations and Software Advancements**

**Accelerating New Business Growth** and panel discussion:  
**Global Perspectives – How will Design and AM Technology Transform the Way We Live, Work and Play to Create a World Class Livable and Loveable City?**

4.50pm and 5.20pm respectively, 7 May 2019

Learn more about the Materialise workshop:

**Optimize your 3D Printing Process** [here](#).

Places are limited.
