

# Invitation to INTECH - NAMIC Additive Manufacturing Webinar

**First time right!**

## Get the right print parameters for your Metal Additive Manufacturing jobs, every time.

Join us in this special workshop by Intech Additive Solutions, the pioneers in Metal 3D printing in India, and NAMIC Singapore on how you can better your ROI and reduce the R&D and DOE time thereby achieving the right build FirstTime Right for your Metal 3D printed parts.

*Achieve the right parameter by using  
**AMOptoMet Software.***

*Additionally get a glimpse of High Performance  
Compact Footprint Metal 3D printer, Intech iFusion SF1.*

**Agenda- Introduction of Intech,  
Demo of Software and Introduction of SF1.**

*Speakers:*

**Kannan S- AGM Software – AMOptoMet**

**Pradeep Nair- VPMachine – iFusion SF1**

Date: 05 June 2020
