The illustration shows a globe with a colorful arc (green, yellow, orange, red, purple) curving around it. Below the globe is a city skyline with several buildings and a blue truck.

ASIA PACIFIC ECONOMIC COOPERATION SCSC 02 2021S

Project on Addressing the Last Mile of AM Use for PPE - Assisting Regulators

The COVID-19 pandemic has highlighted shortfalls in personal protective equipment (PPE) and nasopharyngeal swabs. Additive manufacturing can accelerate and localize production of these products. However, market access for AM-produced products is limited by a lack of consensus methods that provide data to support regulatory approval.
