APPLY NOW

CO-ORGANISED BY

Enterprise
Singapore

SUPPORTED BY

ACCELERATE YOUR DIGITALISATION JOURNEY WITH ADDITIVE MANUFACTURING

Additive Manufacturing (AM) as an I4.0 pillar, plays an important role in realising **distributed manufacturing** through digitising designs and producing parts on-demand.

To support local enterprises in their digital transformation journey through AM, **Enterprise Singapore** and **NAMIC** jointly launched an Open Grant Call for Parts Analysis and Design for AM programme:

[Subscribe](#)[Past Issues](#)[Translate ▼](#)

End-to-end AM technology demonstration and feasibility assessment

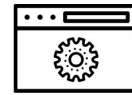

Parts
Identification

Fabrication

Testing

Design
Optimisation

Projects curated across sectors including marine & offshore, robotics, healthcare and consumer products

Past supported scopes under the program include:

Consumer product
development
& prototyping

Engineering component
development

Medical device
development

New process
qualification for MRO

Begin your AM journey today! **Application deadline: 30 June 2022.**
