At the forefront of Additive Manufacturing

Arthur Huang
Founder & CEO
Mini Wiz

Benny Buller
Founder & CEO
Veloc3D

Blake Teipel
Co-Founder & CEO
Essentium Inc.

C. O. Tham
Managing Director
Voestalpine

Chris Eonta
Founder & CEO
MolyWorks
Materials Corporation

Glen Hinshaw
CEO
RESA

Dr Håkan Brodin
Specialist, Materials Technology
Siemens Industrial
Turbomachinery AB

Javier G. Fernandes
Assistant Professor
SUTD

Johan Pauwels
Executive Vice-President
Materialise

Jon Bruner
Director, Digital Factory
Formlabs

Joris Peels
Editor-in-Chief
3Dprint.com

Mark Beard
Global Director
Process and Application
Development, Additive Industries

Michael Agam
President, Asia Pacific
Stratasys

Michael Petch
Editor-in-Chief, 3D Printing
Industry

Ric Fulop
CEO
Desktop Metal

Shrinivas Shetty
Founder & CEO
Printerprezz

Sylvia Heisel
Creative Director
HEISEL

Sylvia Monsheimer
Business Director & Head of
High Performance Polymer
Evonik Germany

Ved Narayan
SVP Asia Pacific
Markforged

Volker Hammes
Managing Director
BASF 3D Printing Solutions

What you ought to know about AM right now.

Could mass production be on the horizon for 3D printing? Without a doubt, it's the most exciting possibility on everybody's minds right now. Thanks to new breakthroughs in materials, the possibilities are endless! What could this

Week 1: Material Innovation in the Consumer Sphere

mean for you?

In this 4-part series, we present the latest in the game-changing fast-evolving world of AM.

Scroll down for valuable insights from those in the thick of this transformation and find out when and where they'll be sharing their knowledge.

Insights from Speakers

Joris Peels

Editor-in-chief, 3Dprint.com

We're going from prototyping materials that just look good to materials that have to function in the real world.

We're now seeing AM materials that are manufacturing ready, qualified and predictable.

Come [join](#) Joris at the NAMIC Global AM Summit 2019

24 October, 4.00pm

"Will 3D Printing Become One Of The Mainstream Manufacturing Technologies For Consumer Products?" panel discussion moderated by Joris Peels

Sylvia Heisel

Director, Fashion Futurist + Creative Technologist;
HEISEL

Industry exists to serve the wants and needs of people.

The revolution in manufacturing enables products to better serve our lives and desires.

24 October, 3.30pm

"Future Fashion: The

Modern Wearable Lifestyle" by Sylvia Heisel

Summit Highlights

24 October, 2.00pm

"How A Global AM Company Is Striving To Push the Boundaries Of Innovation: Discovering New Possibilities To Create A Better World With 3D Printing And Material Innovations"

by Johan Pauwels, Materialise

24 October, 2.30pm

"Customizing the Consumer Experience"

by Jon Bruner, Formlabs

24 October, 3.00 pm

"Making 3D Printing Mainstream Through Retail Manufacturing"

by Glen Hinshaw, RESA
