Dear Friends and Partners,

We are delighted to invite you to the **12th edition of NAMIC Global Additive Manufacturing Summit 2023**, held in conjunction with the **Singapore AM Week**, a week of exciting activities dedicated to additive manufacturing in Asia Pacific, bringing together global thought leaders, entrepreneurs, and leading AM application experts.

Held on **29 September at the Singapore Expo Max Atria**, the summit theme will be **'Enabling Sustainability and Supply Chain Resilience with Additive Manufacturing'**. The Global Additive Manufacturing Summit 2023, will connect with a global audience to discuss how AM have been playing a role in areas such as Bioprinting, Cellular Agriculture, Sustainable Urban Solutions and Renewables & Environment.

CONFERENCE THEMES

Focus: Enabling Sustainability and Supply Chain Resilience with Additive Manufacturing

The summit will deep-dive into contemporary topics in the field of 'Cellular Agriculture', 'Sustainable Urban Solutions' and 'Renewables and Environment', bringing together global AM thought leaders and application experts applying 3D printing to change the way we design, make and recycle.

Session 1: Cellular Agriculture

Session 2: Sustainable Urban Solutions

Session 3: Renewables and Environment
