# GLOBAL AM SUMMIT 2025

UNLOCKING AGILITY AND SCALE WITH  
DIGITALISATION AND ADDITIVE MANUFACTURING

16 & 17 OCTOBER 2025  
MAX ATRIA SINGAPORE EXPO

SUPPORTED BY  
 NATIONAL RESEARCH FOUNDATION  
CO-LOCATED WITH  

14th  
NAMIC

Dear Friends and Partners,

We are delighted to invite you to the 14th edition of NAMIC Global Additive Manufacturing Summit, co-located with the Industrial Transformation Asia-Pacific – a Hannover Messe Event. This summit is Singapore's flagship in-person AM business event, bringing together global thought leaders, entrepreneurs, and leading AM application experts.

Held on 16 & 17 October at the Singapore Expo Max Atria, the summit theme for this edition is **'Unlocking Agility and Scale with Digitalisation and Additive Manufacturing'**. The Global AM Summit 2025 will connect with a global audience to feature topics on how additive manufacturing and digital technologies are transforming industries, enabling scalable production, and driving circular economy manufacturing.

## CONFERENCE TRACKS

**Focus: Unlocking Agility and Scale with Digitalisation and Additive Manufacturing**

### What You Can Expect

Gain actionable insights, connect with global AM leaders and experts, and explore the technologies shaping the future — across five dynamic tracks:

Additive Manufacturing:  
A Global Outlook

Agile & Distributed  
Manufacturing with AM

Digital Workflows for  
Smart Manufacturing

The Role of AM  
in Sustainability

Scaling AM: Bridging the Gap  
Between Innovation and  
Industrialisation

### Global AM Summit 2024 Highlights

Click [here](#) to visit NAMIC.TV for full access to past editions video recordings.

### WHY YOU SHOULD ATTEND

#### Conference

##### Thought leadership sharing

- Use Cases sharing from our Industry Partners
- Fireside chat and Tech Talk by our international AM luminaries
- Panel discussions on building a agile and scalable additive manufacturing system.
- Exchange insights with movers and shakers of the industry from over different countries, including hp, Wohlers Associate, AM Power ST Engineering and more.

#### Exhibition

##### Engaging the ecosystem

Inspired by Hannover Messe, Industrial Transformation Asia Pacific (ITAP) is the premier advanced manufacturing event in the Asia-Pacific committed to showcasing the latest manufacturing technological advancements. Interact with the vibrant AM ecosystem, including local start-ups, small-medium corporations and global enterprises with innovative AM technology solutions and product applications.

*"GAMS has been fantastic to be able to participate in. It is a true industry ecosystem. I have learned so much from a range of partners who exist all throughout the value chain. And more importantly, those who can help connect me into future opportunities."*

Karina Cady, Chief Executive Officer, Nandina REM

*"The biggest benefit we get from participating in GAMS is the face-to-face interactions with leading companies in additive manufacturing. To be able to ask them questions and understand their experiences and learn what challenges people are facing."*

Michael Robinson, Chief Technology Officer, Hyperganic
